

Menu of Services

A woman is lying down, receiving a facial treatment. A person wearing white gloves is using a handheld device on her face. The woman has her eyes closed and a serene expression. She is wearing a gold necklace with a circular pendant. The background is a soft, out-of-focus light blue.

Come and Discover

Nestled between Dilworth and Uptown Charlotte, The Center for Women's Aesthetics is a ground breaking med spa offering expertise, discretion and yes, "results" to Charlotte's women.

Our customized services for **men and** women of all ages who want to look and feel their best.

Opening in 2017, we invested in the world's leading equipment to provide the best results for our clients. We offer a unique combination of services and leading skin care lines - you have to experience it and see the results for yourself.

Menu of Services

Signature HydraFacial

\$175/face \$270/face and décolleté

Deeply cleanse, extract and hydrate the skin through our super serums filled with antioxidants, peptides, and hyaluronic acid.

Deluxe HydraFacial

These invigorating treatments include all of the essentials of the Signature HydraFacial while addressing specific skin concerns through HydraFacial's boosters and protocols.

HydraFacial Restorative \$295

Add CTGF™ to improve the appearance of skin tone, texture and elasticity.

HydraFacial Radiance \$250

Add a Britenol® Boost to minimize the appearance of dark spots.

HydraFacial Age-Refinement \$250

Add a Derma Builder™ boost to reduce the appearance of fine lines and wrinkles.

HydraFacial Clarifying \$225

Extended Extractions and add Blue LED Light Therapy to remove congestion.

Platinum HydraFacial

Platinum HydraFacial \$325

The ultimate HydraFacial experience. Begin the detoxification process with Lymphatic Drainage. Follow with the Signature HydraFacial to deeply cleanse, extract and hydrate the skin. Address specific skin concerns with a booster of your choice. This treatment concludes with LED Light Therapy to further reduce the visible signs of aging.

Signature HydraFacial Body Treatments

Extend the benefits of the HydraFacial treatment to other parts of the body to deeply cleanse, exfoliate, extract, and hydrate the skin. Additional savings are available when adding on to a Signature HydraFacial treatment.

Back (Blue LED)

Stand-alone price

\$50

Add-on price with Signature HydraFacial \$25

Signature Facial \$125

Therapeutic & customized skin treatment to cleanse your pores and restore your radiance with a blend of products specifically tailored for your skin needs.

Oxygenating Facial \$100

This revolutionary treatment is designed to clear skin, revitalize fatigued, stressed and dull skin. Specifically recommended for oily, acne-prone skin.

Custom Peel \$145

After analyzing your skin, the aesthetician will choose which chemical peel ingredients and protocol is best for your current skin condition, as well as your desired results.

VI Peel \$250

Improves texture, tone and clarity of skin, reduces age spots and hyperpigmentation, including melasma. Softens fine lines and wrinkles, clears acne and acne scars and stimulates the production of collagen for more youthful skin.

VI Peel Precision Plus \$350

This chemical peel is about 25% stronger than a VI Peel. This treatment is ideal for stubborn hyperpigmentation including melasma. This treatment shows Improvement after only one session, however for more correction a series of 3-4 is recommended.

Add a hand facial to any chemical peel for \$40.

Add-on one of these services to any other aesthetic treatment:

Mask \$20

Eye treatment \$20

Chemical Peel \$45

Dermaplaning \$50

Dermaplaning \$75 or may be added to any facial or chemical peel for \$50

Simple and safe procedure for exfoliating the epidermis and ridding the skin of peach fuzz.

In addition to our customized services, we offer the following medical grade skin care lines and makeup:

GMC Medical

GM Collin

Skin Better Science

EltaMD

Botox®/Dysport®/Jeaveau®

These safe FDA approved neurotoxins temporarily reduce the appearance of moderate-severe lines of the brow, forehead, and crow's feet. Administered by our experienced nurses and nurse practitioners who also use advanced techniques to slim the jawline, improve neck lines, or provide the perfect pout with a "lip-flip". Treatments are quick requiring no downtime and last on average 3-4 months. Neurotoxins can be preventative in stopping the formation of new lines and can be administered to anyone age 18 and up.

Dermal Fillers

We offer a variety of dermal fillers that improve facial features and turn back the clock on the aging process. These hyaluronic acid fillers are injected beneath the skin to restore lost volume, smooth fine lines and wrinkles, and enhance facial contours. These safe, temporary fillers offer immediate natural looking results with little recovery time and provide results that may last up to one year. We offer several lines of fillers including Juvederm, Restylane, and Versa products. We will determine which filler might best meet your needs and provide the beautiful results you are seeking at your initial consultation.

Hand Enhancement

When thinking about enhancing your facial beauty, don't forget about the hands! They can be a dead giveaway in showing our age but now we offer hand filler to restore volume and hide unsightly veins. Results last up to one year and make a remarkable difference! Can also be combined with IPL treatment to improve sun damage and brown spots on the hands.

Kybella

Kybella is the only FDA approved injectable treatment for adults that safely and permanently destroys fat cells under the chin for an improved profile. Derived from deoxycholic acid, a naturally occurring substance in the body, Kybella improves the look of a double chin gradually over time. The number of treatments is dependent on the amount of fat under the chin but generally requires two-four treatments at six week intervals. Some minor downtime may be required.

Skinpen Precision Microneedling

Collagen induction therapy is a minimally invasive skin rejuvenation procedure that helps reduce the signs of aging. Hundreds of controlled "micro-injuries" promote new collagen production, resulting in younger looking skin. This is the only FDA approved microneedling device.

SculpSure

Complimentary consultation, pricing based on number of areas treated.
Non-invasive laser body contouring for the reduction of fat in the abdomen, flanks, back, arms or legs.

MonaLisa Touch

FDA approved for vaginal atrophy and associated genitourinary symptoms of menopause.
It is also used off-label for lichen sclerosus.

Venus Versa™ Hair Removal (HR)

Intense Pulsed Light (IPL) permanently reduces unwanted hair on the face and body.

Venus Versa™ Skin Rejuvenation (SR)

Reduces signs of premature aging without surgery or downtime. IPL targets sun damage, skin discoloration, visible veins, blood vessels, and fine lines and wrinkles to improve overall skin tone.

Venus Versa™ Skin Tightening, Face/Body

Non-surgical anti-aging treatments that safely and comfortably heat the deeper layer of your skin to increase collagen production, which smoothes out fine lines and wrinkles and improves the look of sagging skin for a more youthful appearance.

Venus Versa™ Fractional Resurfacing (Viva)

Resurfaces skin without surgery. It takes minimal downtime to reduce and improve the look of scars, rosacea, enlarged pores, deep wrinkles, stretch marks, and other skin textural irregularities.

Venus Versa™ Acne Treatments

IPL treats acne with virtually no pain and no downtime. The blue light kills acne-causing bacteria, while the red light reduces acne-related inflammation for faster healing.

Venus Versa™ Tribella

Combines the power of three unique non-surgical techniques into one complete skin renewal treatment, giving highly visible results faster and in fewer treatments.

SMART program for Stretch Marks

At the Center for Women's Aesthetics, we have developed the Stretch Mark Applied Radiofrequency Therapy (SMART) program to treat and improve stretch marks. With SMART, it is possible to see dramatic improvement with our combination of nano-fractional™ radiofrequency (RF) and SkinPen®. SMART can be used on all skin types and any area where stretch marks exist. There is little or no downtime.

Plasma Pen

Plasma Pen is the world's most advanced, non-invasive, skin lifting, skin tightening and rejuvenation device used to treat wrinkles and sagging, dull skin. The Plasma Pen is an FDA approved, CE approved device used to perform fibroblast therapy, a technique used to stimulate production of collagen in the skin. The best part of Plasma Pen is the ability to treat around the eyes, including the eye lids. Prior to the Plasma Pen, a Med Spa had no options for around the eyes. Call us today and find out about addressing all areas of your face, neck and even scars.

Pricing provided at time of consultation.

Please ask about our package pricing for these services.

We offer a complimentary consultation for all treatments.

Not just for women.

our male clientele is growing. Men can enjoy the same benefits from our array of services. An in-person consult in our discreet location can provide you with recommendations on how to look your best.
