The Center  |
For Women's Aesthetics

A woman is lying down, receiving a facial treatment. A gloved hand is holding a syringe, injecting a substance into her forehead. Another gloved hand is gently touching her cheek. The woman is wearing a gold chain necklace with a circular pendant. The background is a soft, out-of-focus light blue.

Come and Discover

Nestled between Dilworth and Uptown Charlotte, The Center for Women's Aesthetics is a ground breaking med spa offering expertise, discretion and yes, "results" to Charlotte's women.

Our customized services for **men and** women of all ages who want to look and feel their best.

Opening in 2017, we invested in the world's leading equipment to provide the best results for our clients. We offer a unique combination of services and leading skin care lines – you have to experience it and see the results for yourself.

Menu of Services

Signature HydraFacial

Deeply cleanse, exfoliate, extract, and hydrate the skin through our super serums filled with antioxidants, peptides, and hyaluronic acid.

HydraFacial Radiance

Add a Britenol® Boost to minimize the appearance of dark spots.

HydraFacial Age-Refinement

Add a Derma Builder™ boost to reduce the appearance of fine lines and wrinkles.

HydraFacial Clarifying

Additional Extractions with Blue LED Light Therapy to remove congestion.

Platinum HydraFacial

The ultimate HydraFacial experience. Begin the detoxification process with Lymphatic Drainage, followed by the Signature HydraFacial to deeply cleanse, extract and hydrate the skin. Address specific skin concerns with a booster of your choice. This treatment concludes with LED Light Therapy to further reduce the visible signs of aging.

Signature Facial

Therapeutic & customized skin treatment to cleanse your pores and restore your radiance.

Custom Chemical Peel

Following a skin analysis, our aesthetician will select the most beneficial chemical peels to address your current skin condition, as well as your desired results.

PRX™ Treatment

A blend of acids that provide immediate aesthetic improvement and deep hydration which leaves your skin feeling firmer, tighter, lifted and with an enviable glowing appearance and no downtime.

VI Peel & VI Peel Precision Plus

Improves texture, tone and clarity of skin, reduces age spots and hyperpigmentation, including melasma. Softens fine lines and wrinkles, clears acne and acne scars and stimulates the production of collagen for more youthful skin.

Dermaplaning

Simple and safe procedure for exfoliating the epidermis and ridding the skin of peach fuzz.

INJECTABLES

Botox™ & Dysport™

These safe FDA approved neurotoxins temporarily reduce the appearance of moderate-severe lines of the brow, forehead, and crow's feet. Our experienced nurses and nurse practitioners use advanced techniques to slim the jawline, improve neck lines, or provide the perfect pout with a "lip-flip". Treatments are quick requiring no downtime and last on average 3-4 months.

Dermal Fillers

We offer a variety of dermal fillers that improve facial features and turn back the clock on the aging process. These hyaluronic acid fillers are injected beneath the skin to restore lost volume, smooth fine lines and wrinkles, and enhance facial contours. These safe, temporary fillers offer immediate natural-looking results with little recovery time and provide results that may last up to one year.

Kybella™

Kybella is the only FDA-approved injectable treatment for adults that safely and permanently destroys fat cells under the chin for an improved profile. Derived from deoxycholic acid, a naturally occurring substance in the body, Kybella improves the look of a double chin gradually over time.

Platelet-Rich Plasma

PRP injections use powerful growth factors hiding within your own blood platelets to stimulate elastin and collagen. PRP injections can be used to treat fine lines as it helps build collagen. PRP Injections under the eyes help decrease dark circles as blood flow is increased.

FACIAL TREATMENTS

build up

Skinpen™ Microneedling

Collagen induction therapy is a minimally invasive skin rejuvenation procedure that helps reduce the signs of aging. Hundreds of controlled "micro-injuries" promote new collagen production, resulting in younger looking skin.

PRP with Microneedling

Platelet-Rich Plasma (PRP) contains special growth factors that promote wound healing and increase collagen production.. When applied as a serum, PRP rejuvenates your skin to improve tone, texture, and strength, returning your skin to its more youthful glow. PRP also speeds up healing for more dramatic and long- last results.

Virtue™ RF Microneedling

Skin rejuvenation that uses a combination of microneedling and radiofrequency (RF) to stimulate collagen and elastin production. This unique treatment is used to treat fine lines, wrinkles, acne scarring, and provide tightening and lifting. It is ideal for any skin type and can be used on the face, neck, chest, hands, and body

CoolPeel™

CoolPeel is a revolutionary Tetra CO2 Laser Technology that can soften fine lines and wrinkles, minimize sun damage and pore size, and improve skin texture. It does all of this safely and effectively with minimal downtime. CoolPeel is a non-invasive laser resurfacing procedure that reveals smoother, healthier, younger-looking skin without the redness, flaking or peeling typically associated with CO2 Lasers treatments.

Ultimate Duo

The Ultimate Duo combines RF microneedling with CoolPeel laser skin resurfacing to soften fine lines and wrinkles while effectively addressing conditions such as laxity, sun damage, uneven texture, blemishes and acne scarring.

PDO Thread Lift

PDO Threads are expertly placed beneath the skin to immediately lift and add volume to lax skin on the face and neck. The threads work two-fold by lifting and stimulating collagen production.

Plasma Pen

Plasma Pen is the world's most advanced, non-invasive skin lifting, tightening, and rejuvenation device to treat wrinkles and sagging dull skin. The Plasma Pen is an FDA-approved device used to perform fibroblast therapy, a technique that stimulates collagen production.

Venus Versa™ Skin Rejuvenation

Reduces signs of premature aging without surgery or downtime. IPL targets sun damage, skin discoloration, visible veins, and blood vessels to improve overall skin tone.

Venus Versa™ Skin Tightening

Face/Body Non-surgical anti-aging treatments that safely and comfortably heat the deeper layers of your skin to increase collagen production and improve the look of sagging skin for a more youthful appearance.

Venus Versa™ Fractional Resurfacing

Resurfaces skin without surgery. This treatment reduces and improves the look of scars, rosacea, enlarged pores, deep wrinkles, stretch marks, and other skin textural irregularities with minimal downtime.

Venus Versa™ Tribella

Combines the power of three unique non-surgical techniques into one complete skin renewal treatment, giving highly visible results faster and with fewer treatments.

BODY TREATMENT

MonaLisa Touch™

A non-surgical CO2 fractional laser that delivers gentle energy to the vaginal wall tissue stimulating a healing response and inducing collagen growth. FDA cleared for atrophy and genitourinary symptoms of menopause. It is also used off-label for lichen sclerosis.

SMART Stretch Mark Program

Applied Radiofrequency Therapy (SMART) program to treat and improve stretch marks. With SMART, it is possible to see dramatic improvement with our combination of nano-frational™ radiofrequency (RF) and SkinPen®. SMART can be used on all skin types and areas where stretch marks exist. There is little or no downtime.

Venus Versa™ Hair Removal

Intense Pulsed Light permanently reduces unwanted hair on underarms, legs, back, bikini area, and face.

SculpSure™

Non-invasive laser body contouring for the reduction of fat in the abdomen, flanks, back, arms or legs

PRP Hair Restoration

Platelet-rich plasma offers solutions that are two-fold: the procedure will stimulate hair growth while working to slow down future hair loss. PRP consists of essential proteins and growth factors created by your own body that will help stimulate and enhance hair follicle production.

Hand Enhancement

We offer a range of hand enhancement treatments, such as hand filler to restore volume and hide unsightly veins. Results last up to one year and make a remarkable difference! Plus, IPL and CoolPeel help to improve sun damage and brown spots on the hands.

The Center For Women's Aesthetics Offers Complimentary Consultation.

At this visit, we will analyze your skin, discuss your concerns and provide a personalized recommendation for skin care and a treatment plan to help you get the best skin for life!

Not just for women,

our male clientele is growing. Men can enjoy the same benefits from our array of services. An in-person consult in our discreet location can provide you with recommendations on how to look your best.
